NUMBER 288

POLITICIANS WATCHING OFF YEAR ELECTION

Big Party Observers Are
Anxious Over Trend
Of Political Affairs In
The Nation.

STATE VOTES ON SUPREME JUDGE

Prohibition Agents Are
Ordered To Keep A
Close Watch For Elec-
tion Day Booze.

(By United Press)
Washington, D. C., Nov. 8.—Politicians today had their eyes on the "off year" election.

In virtually every state elections of some sort are being held. Most of the elections are of purely local interest, but taking it as a whole political observers of the big parties wanted to see what they showed in the political trend.

Pennsylvania Votes To Elect Judge. They were interested to see whether the Republican grip on the state, evidenced in last year's landslide, had relaxed in the intervening year.

The Virginia governorship election and the New York Mayoralty fight attracted the lion's share of the attention.

Harrisburg, Pa., Nov. 8.—Pennsylvania voters went to the polls today to elect a Justice of the State Supreme Court.

William I. Shaffer, Republican, who is now on the bench, is opposed by Eugene C. Bonniwell, Democrat.

In addition, in every city and county in the state there is balloting for municipal and county officials.

A heavy vote is forecast for Pittsburgh and Scranton, where the voters are deciding on the mayoralty and county officials.

Prohibition Agents Busy
Washington, D. C., Nov. 8.—Prohibition agents have been instructed to watch closely for a flood of bootleg liquor at today's election, according to Prohibition Haynes.

No additional agents have been employed but agents in various cities are working in close cooperation with police.

CRUDE OIL GOING UP

(By United Press)
Dallas, Texas, Nov. 8.—The Magnolia Petroleum and the Sinclair Oil Companies today placed in effect crude oil price increases ranging from 25c to 50c a barrel.

FIRST WITNESS CALLED IN FAMOUS FRENCH CASE

French Bluebeard On Trial For Slaying of Ten

Marseilles, Ind., Nov. 8.—The first witnesses in the murder trial of Henri Landru, the "Bluebeard of Gambais Village," were called this afternoon.

After Judge Gilbert had completed his grilling of the prisoner, including a review of Landru's life previous to 1915, embracing convictions for forgery and fraud, taking of testimony was begun on a charge of murdering one of ten women for whose death Landru has been held responsible.

Charged With Ten Murders

The first count taken up was the alleged murder of Madame Cuchel and her 17 year old son. She was said to have been one of the 285 women who answered Landru's matrimonial advertisements. According to the prosecution she became fascinated by his courtly manners and with her money rented a villa, where she was said to have lived with Landru, who assumed the name of Emil Dard and who posed as a wealthy manufacturer.

Both Madame Cuchel and her son disappeared and no trace of them was ever found. Landru claimed they went to England but evidence of their passports was never found.

The case is attracting widest attention in France.

Gen. Pershing Believes In Arms Parley Success

Leader of American Armies Sees An
Excellent Chance To Cut Down War.
Conference "Most Important"

(By United Press)

Washington, D. C., Nov. 8.—General John J. Pershing sees "complete success" in the impending Washington Conference for the Limitation of Armament.

The chief of staff and commanding general of the armies of the United

States so expressed himself in an exclusive interview on the eve of the assembling of the conference.

In his first interview on the Arms Limitation Congress Pershing says the conference will be "one of the most important ever held" and believes the prospects are "excellent for cutting down chances of war."

CLIMAX IN IRISH SITUATION LOOMS UP FOR THURSDAY

Ulster Cabinet Will Confer
With Lloyd George
On Proposed Com-
promise Settlement.

PREMIER MAY QUIT

(By United Press)
London, Eng., Nov. 8.—A climax in the Irish situation will be reached on Thursday. On that day the Ulster cabinet will confer with Lloyd George on the proposed settlement requiring certain concessions from that district.

Should Ulster refuse the considered compromise proposition, it is believed certain that Lloyd George would carry out his threat to resign.

EVANGELISTIC SERVICES

Evangelistic Services in the Woodland Methodist church tonight at 7:30. Song Service. Rev. C. C. Snively will preach. Rev. J. E. Gearhart will preach tomorrow night.

COUNCIL AGAIN CONSIDERS FIRE DEPT. REQUEST

Public Property Com-
mittee Instructed To
Investigate And See
What Is Required.

SEWAGE REPORTS

The regular semi-monthly meeting of Town Council was held in the Borough building last evening. President Ditcher presided and eight of the twelve members of council participated in the deliberations.

Burgess Chase reported five arrests for October with the collection of \$40 in fines and \$7.50 in licenses for the month.

Borough Solicitor Urey reported progress on the Bigler Avenue sewer past or through the Elk Tanning Company property in the Fourth Ward. He stated that with the Sewer Committee he had met Chief Engineer Morton of the Elk Tanning Company regarding right of way through the tannery property but as the tannery people objected to paying for the construction of the sewer nothing definite had been arrived at. The Borough Engineer was preparing two plans for this sewer and these would be submitted to the tannery people and a decision arrived at.

Claim Ordered Settled

The Solicitor was directed to make a settlement with Muziata Gaimo, of the claim against her for \$120 for treatment at the Emergency Hospital during the flu epidemic. A judgment had been entered in this case and settlement was ordered for the face of the claim and costs.

Paving Completed

Chairman Rosser of the Highway Department reported the completion of the South Fourth street paving and stated that the paving had cost \$35,927.92. Of this amount \$1236.17 was chargeable to "extra work" incident to the removal and replacement of drains, not chargeable to street paving cost, which would put the total cost of the street paving at \$14,761.45 and "as \$1,000 of this amount went into the construction of

Continued from Page Seven

COMPLAINT MADE OF VIOLATION OF PARKING RULES

Complaint was made to Council at its meeting last evening relative to the violation of the parking rules by automobile drivers in parking their cars within the proscribed zone about the different fire plugs and the Mayor and police department were asked to see that the parking laws were strictly observed in this regard.

The most flagrant violation of this law occurs daily about the fire plug at the edge of the alley at Schmitz's bakery. No attention whatever is paid to making rules at this point and the complainant was instructed to get the numbers of offending machines and prosecutions will follow for further violations.

Easy to Tell Who Won

It was not Scotch Lord President Harding and Sir Harry Lauder playing on the lines of the Clarry Chase Club, Washington. After it was over the president somehow looked glum. Do you see the difference?

POLICE ON GUARD FOR HOBOSLAYER

Italian Labor Asks Slayers Freedom

Rome, Italy, Nov. 8.—Italian labor has officially demanded the release of the man brought to bear on President Harding to free Sacco and Vanzetti, Italian Communists under death sentence in Massachusetts, according to a dispatch from Vienna today.

NO TRACE FOUND OF BANDIT GANG WHO ROBBED CAR

Lone Bandit Holds Up Diner
On Union Pacific—Dis-
guised With Haul He Bawls
Out "First Class Bums"

(By United Press)

Champaign, Ill., Nov. 8.—Six train robbers, equipped with all modern methods of warfare, apparently had made good their escape today after looting the mail car of the Chicago-New Orleans Illinois Central train of many thousands in registered mail.

The robbers used dynamite, edo bombs, sawed off shot guns and fuses in their thrilling 45 minute battle with members of the crew and passengers, after stopping the train on a trestle near Paxton.

After obtaining the loot they fired the mail car using sacks of second class mail as a torch, making it hard to check up the loss. Postal officials estimated it at "several thousands" but other sources place the loss at high as several millions.

Lone Bandit Disguised

Twain Falls, Idaho, Nov. 8.—Entering the dining car of Union Pacific train No. 17, east bound from Portland to Chicago, a few miles out of American Falls, late last night a lone bandit held up the diners and robbed them of cash and jewelry, according to reports received here early today.

Disguised with his haul, the bandit is said to have expressed his disgust at the "bums who travel first class these days," before dropping off the train.

MINERS WALK OUT

(By United Press)

Myersdale, Pa., Nov. 8.—The mine of the Brothers Valley Coal Co., closed today after the miners refused to accept wage reductions and walk-out.

According to the mine operators they will have to revert back to the scale of 1917 in order to maintain profits on their sales at present prices.

LOCAL VOTERS SLOW AT POLLS

WILSON ON THE MEND
Washington, D. C., Nov. 7.—Former President Woodrow Wilson has made a good recovery from his recent setback and probably will be able to attend the services in honor of the unknown American soldier dead at Arlington National cemetery on Armistice Day, his personal physician, Rear Admiral said today.

Despite Ideal Con- dition Vote Is Far From Being Satisfactory

Despite the fact that weather conditions were ideal for election day in Clearfield county the turnout of voters to the polls was far from being satisfactory to the leaders of either party.

The campaign this year never seemed to warm up properly in spite of the efforts of the different candidates to enthrone their supporters and indications up to noon were that much less than a normal vote would be cast although, with the kind of weather prevailing the afternoon should see a very great increase in the number of voters out to exercise their right of suffrage and cast their ballot for the man of their choice.

The Republican candidates: Messrs John C. Arnold for District Attorney and Miss Gertrude Rumberger for County Treasurer, each have the endorsement of the Prohibition and Socialist parties, while Sheriff candidate Thomas J. Lowell is also the Prohibition nominee, and these dual nominations should undoubtedly result in the triumphant election of the entire Republican county ticket. In addition thereto the Republican candidates have made more energetic campaigns than their opponents and this fact too largely favors their success which the voters are counted.

Slashing on Borough Ballots

There appears to be a great deal of cutting back and forth on the local borough tickets according to the "dope" of the pollworkers and a forecast of results is impossible.

At 1 o'clock there were 177 votes polled in the First Ward and 182 in the First Precinct of the Second Ward.

LOCAL ARMISTICE DAY CELEBRATION NOW ABANDONED

No Elaborate Ceremony
Planned Here—Pres.
Harding's Proclama-
tion To Be Respected.

OBSERVE ZERO HR.

The proposed celebration of Armistice Day in Clearfield has been abandoned and nothing will be done by the local American Legion Post or the townspeople generally in the way of celebrating the historic event. The Proclamation of President Harding will be respected to the letter and every respect, shown to the memory of the unknown American hero who is to be buried in the Arlington cemetery on that day.

Burgess Chase has also issued a proclamation in which he asks that all the business places of the town, great or small, be closed for the hour from 11:30 to 12:30 while the recommendations of President Harding are being carried out.

CELEBRATED 60TH BIRTHDAY

The following out of town guests with some two score local friends in assisting John Seibenrock celebrate his 60th birthday anniversary at his home on Guinea Hill: Mrs. Henry Zitelberger, Harry Zitelberger, Mrs. William Smith, Mrs. Harvey Witherow and son Harold, Mrs. Emma Sullivan, all of Brookville; Mr. and Mrs. Henry Seibenrock and sons William and Vincent, of DuBois. The occasion was a specially pleasant one and will long be remembered by those participating. Mr. Seibenrock was handsomely remembered and the guests departed for home at a late hour after wishing Mr. Seibenrock many happy returns of the day.

NO MILK SHORTAGE

Pittsburgh, Pa., Nov. 8.—(United Press)—There will be no shortage of milk, butter and cheese during the winter in Pennsylvania, according to officials of the Ohio and Western Pennsylvania Milk Dealers' Association. Prices for milk should not advance beyond what they have been fixed for November, which was 14 cents a quart and 8 1-2 cents a pint.

Stop! We're Being Misquoted.

It is reported that men's feet are growing larger. The time may come when it will not be safe to refer to men generally as jackasses.

COMMERCIALITES SET A NEW ATTENDANCE MARK

Directors Elected For Term-- Farm Agent Gives Talk

The Commercial Club mailed another attendance banner to the mail last night when an even half hundred sat down to table although Otis Knepp was ten minutes late as usual. Before the spray from the grape fruit had all settled, Seabe Brubaker had recited the minutes of the last meeting and the business of the evening was under way. The club heard that their charter was about ready, and then heard from the new members and invited guests.

No Definite Armistice Day Report. The Committee appointed to ascertain what the business places were going to do about closing on Armistice Day reported no sentiment in favor of closing all day or even a half day, so definite action was necessarily postponed. The Committee was continued in the hope that some definite united action can be agreed upon.

A matter that has repeatedly come before the club is the paving of the stretch of Fourth Street connecting the newly paved portion with Ogden Avenue. A committee composed of S. L. Warner, Chairman; William Sheeder and Paul Flaherty was appointed to urge upon the proper authorities the paving of this little

Bill Board Ban Committee Named

Another matter that the Commercial Club is united on is the banishment of the bill boards from the Court House property and a committee of Dr. J. Paul Frantz, Russell Hane and Julian Chase was named to take this matter up with the Court House custodians.

Formulating 1922 Work Program

The Club is now getting ready to formulate a definite program for 1922 and to this end suggestions are being handed to the president. These suggestions are coming in rapidly now and by the time the new year rolls around the club will have its work all out.

Directors Elected

Following the custom an election was then held to determine the directors for the six months term to ensue and these are the gentlemen who will direct the affairs of the club: S. L. Warner, William Bigler, R. B. Brubaker, A. M. Pearce, G. A. Stewart, Dr. L. F. Stewart and Dr. J. Paul Frantz.

Following the business session Farm Agent Sterrett was introduced to the club. Mr. Sterrett gave some interesting information on the agricultural situation in Clearfield county and pointed out to the club members how they could be of use to the development of the county and co-operating with the farmer. In the club, Mr. Sterrett found a very much interested audience, particularly in the discussion of the live-stock raising proposition.

County Banks Cooperate In Livestock Purchase

Need Is Seen For Greater Development Of Clearfield Acres—Not Now Producing Enough To Support Population—All County Banks Co-operate In Movement—County Agent Assisting In Program.

ACTION IMMEDIATE—"MORE AND BETTER LIVESTOCK" IS SLOGAN

The agricultural interests of Clearfield county are of such importance that they cannot well be ignored, even by persons most removed from farms and farming.

It is an established fact, that the county is not self-sustaining in point of supply for the demand of produce from its 61,218 acres of improved farm land. The 103,236 people of this county, if cut off from outside food supplies, would not have enough to eat if they had to depend alone on the county's farm produce.

Economically, such conditions are deplorable. It is true that another industry by reason of nature's bountiful provision, overshadows agricultural interest in popularity of financial return. But food is our prime necessity, and every channel open to the development of its production must be followed to the end for the benefit of town and country alike.

Realizing the importance, not only of self support from Clearfield's acres, but also of improved, attractive and more pleasant returns from farm life, the bankers of the county recently held a get-together meeting to see if anything could be done. With the idea in mind of creating a co-operative movement to help the rural communities in an effort to reach greater and better production basis, they called in a number of outside men, who had had experience in the success of just such a project.

Professor W. H. Tomhave and Professor R. R. Welch, of State College, and Mr. E. B. Harshaw, President of The Grove City National Bank of Grove City, spoke of the work being along these lines in other communities and especially in Grove City community, where the economical, social and racial conditions were entirely changed by the introduction of more and better livestock.

From this gathering it was shown that general conditions Clearfield county seemed to warrant the development of the livestock industry. With the leading banks in the county joining hands, the movement was started, and beneficial results eagerly looked for in due time.

The aim and purpose of the Livestock Auxiliary Association of Clearfield County, is to foster a greater interest in Purebred Livestock; the eradication of the scrub sire; the more economical feeding and handling of livestock, and the purchase of pure bred animals in car lots for the farmers of the county. The Livestock Page in The Clearfield Progress will be published and sent to the farmers of the county on the first day of each month, or as near that time as possible. It is the hope of the Association that the farmers of the county themselves contribute articles from time to time, along the stock work and help to make this Page of real interest and benefit to the farmers of the county.

The above Association is composed of the leading banks Clearfield county, and will co-operate with the Pennsylvania State College and the Clearfield County Farm Bureau in the stock program of work for the county.

The officers elected at the last meeting of the Association

Mr. M. I. McCright, DuBois, President.
Mr. W. E. McCracken, Mahaffey, Vice President.
Mr. Walter Stewart, Winburne, Treasurer.
Mr. Fred Brown, DuBois, Secretary.

NET PROFIT 143 PER CENT

For the person born in October who wishes to have a ring showing a stone of his guardian angel and a tie for the month—quaint old toms worth reviving—it is worth knowing that for the angel named Basil, agate is the stone, and for the angel Simon Jacob, is elected. The election, though a little might altogether clearly a... Design... Per...

Two steers were exhibited at the last March. One was sired by a purebred and the other by a scrub. The difference in the selling price of the animals was \$33.40 in favor of the high grade steer. Both were calves in the spring of 1918, their dams being the same quality of cows. They were placed together in the fall of 1919 and from then on fed exactly the same care and food and were marketed together in March. The high grade steer, a yearling, weighed 1,410 pounds and sold for eight cents a pound, bringing \$56.80. The low grade steer weighed 1,250 pounds and sold for six cents a pound, bringing \$75.00.

Presuming that the breeding of a bull in five years he should get 150 calves during that time, including 75 males. If these are raised as steers and if the same profit is made on them as was made in the case just cited, the 75 steers sired by the pure bred bull would make the owner \$1,005 more than the same number of steers sired by a scrub bull. This net saving in the improved quality of the heifer calves. If the annual cost of the bull is placed at \$20, which sum will obtain a good bull these days, the average profit due to the use of such a bull would be \$445 or 143 per cent on the capital invested.

Mr. Johnson of Grand Forks, N. D., shipped 21 head of steers to St. Paul. All of them were of common grade cows of undoubted quality, were of the same age and fed the same. Seven head were sired by a good purebred bull and seven head sired by a scrub bull. The seven head sired by the purebred averaged 1,120 pounds each and sold for 14 cents a pound, or \$156.80 each. The fourteen head sired by the scrub bull averaged 800 pounds each and sold for 8 cents a pound, or \$64.00.

The loss through the use of the scrub bull amounted to \$94.80 a head or \$948.00 for the fourteen head. This sum would have paid for the scrub bulls. Can a farmer afford to use a scrub bull?

COUNTY AGENT CHAT

Pure Bred Farm, not an animal on the place but a pure bred. Does this mean you? If so let us know so we can have your name for a list of such farms for our next issue.

Remember the C. Luther Lowe sale of Pure Bred Holstein cattle at DuBois, November 22nd.

J. W. Olcott, Washington D. C. was recently elected Manager of the Clearfield County Co-operative Association.

Note his add in this issue.

State Institutes abandoned this year, from lack of State appropriations. Will go back to old style Institutes, if people of county desire.

Let us hear your opinion.

Pomona Grange will be held at Clearfield, on Thursday, November 10.

Save enough seed corn for two years. It may not mature next year.

Winter is coming. Has the Farm machinery been housed properly.

Now is the time to lay in a supply of feed for the winter, before the roads get bad.

Sow Potatoes for next spring planting should be kept in a cool dry place where the temperature will not vary far from 40 degrees all winter.

More and better Livestock for Clearfield.

WHEN IN DOUBT, SEE THE COUNTY AGENT.

PURE BREDS MEAN MONEY—PURE BRED—PURSE BETTER.

MENT.

TIME TO CLEAN UP THE HERD

None of us would care to drink milk or eat butter made from cream from cows that we knew had tuberculosis. Yet some of us are drinking milk daily from tuberculosis cows without knowing it. There is no doubt that many deaths in our own county can be traced to tuberculosis cows.

If you are ever going to have your herd tested for tuberculosis you will never find a better time than now. Cows are cheap now and losses can be easily replaced. In fact none but tested cattle can be shipped out of the state.

Clearfield county breeders are particularly handicapped in the sale of Pure Breds outside of the county, since the majority of buyers from the adjoining counties have accredited herds and demand tested animals and a guarantee of a sixty day retest, before they will buy.

The County Agent has application blanks and will give you detailed information and assistance. Write him today.

The sire is half of the herd, are you using a Scrub?

DO YOU HAVE PUREBREDS.

The Farm Bureau wishes to have on file a complete record of all Purebred (registered or eligible) animals in Clearfield County.

They take this means and opportunity to ask that every farmer in the county send in at once a complete list of all Purebreds, stating sex, age, and number of each.

A few minutes time and a postage stamp by each purebred breeder would greatly facilitate the work of getting up a complete Purebred registry and consequently be of great benefit to every farmer when he desires to sell. Do it today.

Like Sheep.

Wild animals in a yearly census.

Four sons of the Herby son.

Between five and six.

They were slaughtered.

Less than a hundred.

Now they are international agree.

Just like a flock.

Barrel's Long Voyage.

In 1822 a vessel was wrecked in the Gulf of Guinea its cargo consisting of barrels of palm-oil. A year later one of these barrels was washed up at Flomest, Norway, having drifted more than 11,000 miles.

Investigate First.

Beware of wolves in sheep's clothing. Those who have get-rich quick schemes such as stocks and bonds that buy unburied of dividends are "fleeing" money. Investigate such schemes before giving up your cash.

Lark Not an Early Riser.

Investigation has ruined the lark's reputation for early rising. That celebrated bird is quite a slacker, as it does not rise till long after chickens, turkeys and a number of hedge-row birds have been up and about.

Better Crops, Less Acreage And Fewer Livestock Shown By 1920 Census For Clearfield County

There were 3,153 farms in Clearfield county, according to the 1920 census, compared with 3,642 in 1910. Other statistics as follows:

	1920	1910
Tenant Farmers	260	385
Land in Farms		
Total Acres	228,778	271,094
Improved Acres	161,215	161,215
Horses	5,721	5,416
Mules	351	255
Cattle	13,424	16,882
Sheep	2,369	4,532
Swine	10,660	9,923

Principal Crops	Acres Harvested	Quantity Harvested
Oats	1919 17,663	407,635 Bushels
	1920 16,215	387,740 Bushels
Corn	1919 10,722	457,519 Bushels
	1920 11,592	399,915 Bushels
Buckwheat	1919 8,047	158,966 Bushels
	1920 10,529	168,450 Bushels
Hay	1919 35,276	33,560 Tons
	1920 35,276	27,792 Tons

Total Population of County:

1920	103,236
1910	95,705

These figures show a striking comparison, and will bear a careful study. While the number of farms, as well as the total number of acre under cultivation, is 13 per cent less during the last ten years, yet the yield per acre shows a decided increase. The sad part comes in when we examine the livestock and note the drop in horses, sheep and cattle, particularly the cattle. With an increase in population of nearly ten thousand there should not be a decrease of over 3,000 head of cattle, if the people of Clearfield county are to have a supply of milk, butter and meat.

The policy of the Farm Bureau is, and always has been, to advise better crops of the same acreage and more milk with the same food, by using the best cultural methods and the highest type of livestock, rather than a greater number of acres and more mediocre cattle. However, in the case of cattle, we feel safe in recommending a greater number of cattle and those to be of the highest type possible.

W. C. STERRETT, County Agent.

PURE BRED HOG MOVEMENT SWEEPS THE STATE

For the past few years a movement for "more and better hogs" has been quietly but surely sweeping through the farming districts of Pennsylvania. It has not yet struck Clearfield county and according to County Agent W. C. Sterrett, it is one of the most forward-going movements for the general upbuilding of Pennsylvania agricultural interests that has been promoted recently by the extension division of the Pennsylvania State College.

Recent inquiries, however, have started a movement of this kind in the county. Northumberland county farmers blazed the trail in 1918, when it became apparent that there was a demand for hog improvement. After careful consideration of local conditions, the preference of the farmers led to the adoption of the Duroc Jersey hog, and the first breeding association was formed, starting with seven pure bred sows and one co-operatively owned boar. From this start there is now a Duroc Jersey Breeders' Association with 52 members and 669 head of breeding animals.

Fifty pure females have been imported since the fall of 1918. At a county-wide show on October 18th there were 47 exhibitors with 165 head entered. This movement is one cause why the hog population of the county increased fifty per cent in the past ten years.

From this county the movement spread to 28 others, and in less than three years 57 breeders' associations have grown up in the state. The movement was not pushed by the farm bureau or extension men except when voluntary action was instigated by the growers themselves. This makes the growth all the more remarkable, and the future for pork production in Pennsylvania looks very brilliant.

The Duroc Jersey leads in popularity among the five principal breeds of hogs, as it was adopted by 21 of the 57 associations. Fourteen adopted the Berkshire breed, ten the Poland China; eight the Chester White and four the Hampshire.

Farmers of Clearfield county can well afford to consider an expansion of this "better hog" program, the County agent says. He represents the college extension here, and will be glad to render aid in the continuance of this big movement, which could mean so much to the agriculture of the county.

Commonplace.

One of the persistent charges of the intellectuals against the majority of people is that they are commonplace. That, of course, is a thing only a few people can avoid. Out of every hundred, nine are certainly commonplace, and what we call the intellectuals are not exceptions.—E. W. Howe's Monthly.

He Knew the Sex.

"Take that picture out of your display window immediately," demanded the hate woman. "I am surprised that you would exhibit any photograph of the common zebra!" "Awfully thoughtless of me," said the photographer.

Birth of Great Organization.

The first organization under the name of the Young Men's Christian Association was effected June 4, 1844, in England, due to the efforts of George Williams.

How Chemists Detect Poison.

The testicles of chemistry in poisoning cases is well known. It enables us to determine the nature of the poison used, and in which it was administered.

Know Thyself.

When God gave you your talent, he knew what he was doing. Don't be ashamed of it. Don't try to hide it, because it is not of the showy sort. Don't try to twist it into something it was never meant to be. Nobody ever yet achieved a success, who was not content with what God gave him.

County Lands Suited To Livestock Raising

Pennsylvania State College Extension Man Gives Reasons Why Clearfield's Barren Acres Should Be Made To Produce Money In Feeders—Cites Good Example—Urges Conservative Purchasing.

GREAT OPPORTUNITY FOR FARM OWNERS WITH LARGE WASTE TRACTS

By RALPH IRVING
Beef Cattle Specialist, State College Agricultural Extension Division)

Certain communities in Clearfield county are admirably suited to the production of commercial beef. Large areas of land in this county, aside from grass and brush, are barren waste. The value of this barren land for the summer pasturage of growing beef steers has been fully demonstrated this past summer by Mr. Ira Decker, backed by a group of DuBois business men. Although handicapped by a late start, these yearling steers made rapid growth from the very beginning. All the steers were in excellent growing condition and a part were fat enough to go as killers. Experience has taught that pasturage, capable of producing maximum growth on a yearling steer, is satisfactory for a cow and calf.

BALANCED RATIONS

The fall feeding period is here with its annual question of supplementary feed. Every dairyman, poultryman, stockman is confronted with this question. While many have home grown feeds in abundance yet they quite lose high protein feed to give balanced or profitable ration.

The Dairy cow, unlike the work horse, requires a variety, as well as a balanced ration. This ration must be made up of some high Protein feed, such as cottonseed meal, oil meal or gluten feed, if the home grown feeds are to be utilized to the best advantage.

With a proper mix of hay and corn stalks or mixed hay and corn silage the following rations could be fed:

100 lbs. corn and cob meal.
100 lbs. wheat bran.
200 lbs. cottonseed meal.
200 lbs. linseed oil meal.
100 lbs. ground oats.
100 lbs. wheat bran.
100 lbs. cottonseed meal.
100 lbs. linseed meal.
Non clover or alfalfa hay is fed as follows:

250 lbs. corn and cob meal.
100 lbs. wheat bran.
100 lbs. cottonseed meal.
100 lbs. linseed meal.
100 lbs. ground oats.
100 lbs. wheat bran.
100 lbs. cottonseed meal.
100 lbs. linseed meal.
Non clover or alfalfa hay is fed as follows:

250 lbs. corn and cob meal.
100 lbs. wheat bran.

FARMERS, AND THE REST OF US

There has been altogether too much short-sightedness in the dealings of the business man with the farmer and even more so in the attitude of the average man, laborer or business man, toward the farmer. No doubt this feeling has been engendered by the fact that until recent years the farmer was not the potential power in our commercial life that he is today.

In Clearfield county, as well as elsewhere, the farmer has progressed by leaps and bounds, perhaps not in wealth, but in methods and enthusiasm. He has increased his crops, invested in fertilizer and machinery and put his business on a business basis. His products not only go to feed us but contribute in no small measure to the sum total of business transacted.

And he is only beginning. Further development may be confidently expected. He has seen what can be done and he has the backbone to go after results. He is fettered by no short hours or working rules.

Along with the agricultural development of the county, there will go, hand in hand, a development of a kindred industry which will be profitable and enriching to the soil. We refer to the breeding and raising of blooded live stock, both for the market and for dairy products. Already this business has a start. There are at present several herds of some of the finest cattle in the state in this county, many of which were seen at the Fair this year. The proud possessors of these cattle would not think of going back to the old "rot and spot" variety of stock and are bending their energies to the upbuilding of their herds. Many others, seeing the advantages of well bred stock, are contemplating starting in the business and will, without doubt, go through with their plans.

Added impetus is given to the live stock industry through the publication today of a page of live stock news and information in The Progress and a similar page will be issued once a month for a year and possibly longer. Recently the banks of Clearfield county, cognizant of the importance of the agricultural development of the county and the calibre of our farmers, agreed to co-operate with the Farm Bureau in a campaign to encourage and foster live stock raising. Thus, with bankers co-operating with the farmer, the movement is certain to be a success. It is good advice in all business matters, to consult your banker and every farmer considering live stock raising should consult the Farm Agent and his banker. So much for the farmer. Watch him develop.

For the rest of us it is up to us to lend whatever aid there is within our power, to help the development of our county so that agriculture and stock production will be on a par with our industries. With this accomplished, our commercial life will be more stabilized and a steady flow of business insured.

Read the page thoroughly, talk about it and hand it to someone else to read.

DON'T FORGET THIS

The suggestion made in this column yesterday in regard to the flying of flags, national and service, on Armistice Day was the thought of a reader of The Progress and it was a timely suggestion. Better look those flags over tonight and see that they are ready.

RIVER BOATS CUT FREIGHT RATES

Pittsburgh, Pa., Nov. 8.—(United Press.)—In line with an extensive campaign on Pittsburgh shippers to use water instead of the railroads, The Liberty Transit Company here has reduced freight rates 20 per cent.

The Liberty Transit Company operates a set of river boats, which ply between Pittsburgh and Parkersburg, Zanesville, Cincinnati and other points. The boats carry thousands of live produce and other goods.

The line also maintains a passenger cut which is famous for its old-fashioned cooking and comfortable accommodations.

MARRIAGE LICENSES

Frank Anderson and Margaret McKendrick, both of West Decatur; Roy E. Penfield, of Falls Creek, and Katherine Guntrum, of DuBois; David Cochran and Mary Elizabeth Armstrong, both of Latrobe; Philip Swatsworth, of O'Fanter, and Gertrude McLallen, of Decatur twp.

John J. Dronney, of Eriton, and Margaret Spineweher, of DuBois.

Mr. and Mrs. John Woods and Mr. and Mrs. Foster Woods have returned from a delightful motor trip to Cleveland and Buffalo. At the former city they attended the National Ice Cream Manufacturer's Convention and they returned home via Buffalo.

Co-operation

There's one side of the administration of estates that needs a lawyer. There's another side that needs a Trust Company.

Estates are best served by the co-operation of a skilled lawyer with an experienced Trust Company.

We invite conferences.

The
Clearfield Trust Co.

Mighty Spry!

S. J. Coogler swings his 67-year old legs over the 67-year old back of Sam Sheppard in a game of leap frog. They were buddies on the police force of Atlanta, Ga., 24 years ago. Coogler is now proba-ly an officer of the force.

PEGGY HOPKINS SETTLES WITH HER HUSBAND

(By United Press)

Chicago, Ill., Nov. 8.—Peggy Hopkins eye, Folies beauty, and her third millionaire husband, J. Stanley Joyce, reached a settlement today in their divorce battle.

The agreement, by which Peggy returns to Joyce \$400,000 in real estate and jewelry for \$80,000 in cash, was presented to the court as the hearing on Joyce's petition for divorce was started.

The agreement is considered a complete surrender by Peggy, who thus gives up all claims to the Joyce millions.

The infant son of Mr. and Mrs. Clark Bailey passed away at the Clearfield Hospital Saturday Nov. 5. Interment in Hillcrest cemetery.

It's Paying 120 Farmers To Belong To

The Clearfield County Co-Operative Association

And It Will Pay You

A Co-operative Buying and Selling Association that Saves You Money

In Buying Things for Your

Farm and Makes You

Money In Marketing

When Prices are

Right

A Farmer's Organization Run For The Farmers Benefit

Members of the Association are buying farm needs at practically wholesale prices. This includes lime, fertilizers, dairy feeds, hog feeds, chicken feeds and lime spreaders and it is expected that in the future the Association will handle barn equipment, farm machinery of all kinds and other farm supplies. This means that the farmer eliminates the middleman's profit.

J. WOODWARD OLCOTT
Mgr.

While members do not have to buy or sell their products thru the association it often happens that buyers will be attracted by the quantity of farm produce that can be gathered by several farmers pooling their produce and a better price can be gotten.

The cost of a life membership in the Clearfield County Co-Operative Association is slight. Only \$5 in cash and a collateral note for \$20.

The officers are men you know—Harrison Straw, Pres.; Grant Sankey, Sec.

NEWS OF OUR NEIGHBORS

CURWENSVILLE

Hunters go and hunters come. A number of down Easterners hunted in the mountains all of last week, bunking in the camps, have gone home. Sunday a number of new arrivals came in to try their luck and will also stay out all this week. Considerable wild game was killed but no near as much as was thought would be. Town ninnyrods were pretty successful as a rule.

The three or four pneumonia cases in town are getting along nicely and confidence is felt that all will recover. About two thirds of the small children are "whooping it up" in great style and fighting measles at the same time.

Work on the foundation for the new opera house is moving along rapidly and will soon be ready for the stone wall.

The up-river coal miners are gradually increasing their output of coal by adding on an extra day to the number of weekly days. The mines have been working for several months back.

Miss Lillian Trezise, of DuBois, gave an interesting address in the interest of the W. C. T. U. in the M. E. Church Saturday evening. A good crowd had assembled and departed having more interest in that organization than ever.

The ladies of the Rhoda Rebekah lodge I. O. O. F. went to Houtzdale on Monday evening to assist in mustering in membership for a new lodge.

The baby clinic located in the Owens block is assured that sessions will be held there during all the winter. It was thought that this organization would be abandoned for the winter months, but arrangements have been perfected to continue the school of instruction through the winter months.

Cluster Deering has returned to his home after six months employment at Johnstown. It is likely that he will remain home during the winter months.

Today is election time and a great interest is being taken in the offices that are to be voted for in this borough. The greatest interest of all is that of Burgess. The two candidates are both good honest citizens.

Blain Post, a young son of Ernest Post, on Thompson street is improving slowly from a severe attack of pneumonia. He is under the care of Dr. Jenkins.

Notice has been served on Curwensville citizens to the effect that Joshua Earl Spies Post, 305, A. M. will not observe Armistice Day in this place elaborately, and that a number of them have made arrangements to attend the celebration of the "Unknown Soldiers" at Arlington. The borough and public school children are requested however to observe the day as a holiday and have a short program in commemoration of the dead, who lie in the field of Arlington. The Curwensville people are requested to fly the flag at half mast from sunrise to sunset on that day.

WINBURN

Mrs. and Mrs. Carl Jungquist are very happy over the addition to their family of a fine baby girl.

Our many hunters report good sport: a sixteen pound turkey was brought down on the opening day, by Robert Dugan.

The M. E. Aid Society enjoyed the quilling and the good dinner at Mrs. Armstrong's Wednesday.

Evangelistic meeting at the Methodist church which will continue for two weeks, were opened Sunday evening with an inspiring Service and a well filled Church.

Born to Mr. and Mrs. Isaac Lucas an eight pound boy November 5th. They can now boast eight nice healthy youngsters in their family.

William Fellingner and family have moved back to Picture Rocks, and their many friends here regret their departure and wish them good luck.

Mr. and Mrs. Hobbs of Osceola are making a visit at the home of their son Albert.

Mrs. John Wilton entertained the Presbyterian Ladies Aid Society at her home Thursday evening when a delightful social time was enjoyed by all.

Miss Mudge is visiting at State College over the week end, to attend the Pennsylvania Day celebrations.

The Masquerade dance given by the Hall October 31st, one of the fashionable events of the Season was voted a great success in every way. The Davis orchestra supplied the music.

The Clearfield Musical Club was was delightfully entertained last evening in Thayer's Auditorium by Miss Elizabeth Hood Latta the President of the Pennsylvania Federation of Musical Clubs who sang four groups of national songs, Indian, Spanish, early French and early American in costume.

Miss Latta was entertained this afternoon at a tea given at the home of Miss Edna Johnson by the Musical Club.

May we have the pleasure of serving you?

WEST SIDE RESTAURANT

NERVOUSNESS, HEADACHE AND STOMACH TROUBLE ENDED

Do - Worth Quickly Overcomes These for Adolph Shields.

"I had had Saint Vitus Dance, and I felt in an awful nervous condition," said Adolph Shields, a well known Clearfield, Pa. resident. "My head ached a great deal, and my stomach was also in bad shape. I had doctored considerably with no results. Two bottles of Nerv-Worth improved my condition wonderfully, and I feel like a new man." It is a strange fact, but nervous and stomach ailments are usually the cause of much misery. Nerv-Worth's ability to act in such cases, and act quickly, makes it the ideal medicine for those who suffer from such troubles. If your first bottle does not benefit you, your druggist is authorized to refund your money.

Nerv-Worth is now \$1.00 per bottle, at Stewart's Drug Co.

FARM AGENT URGES FIELD DRAINAGE WORK BE RUSHED

Farm Agent Sterrett, in an interview this morning, stated emphatically that farmers in this region who are considering drainage work in their fields, would overlook a great opportunity if they did not take advantage of open weather this month and the early part of next month to their fields tiled.

"The excuse of high price of tile and labor need not prevent this necessary work," he stated. "In the interests of better farming and better farm results, it should be done at once." He suggested that farmers planning to do drainage work get in touch with the local farm bureau which will willingly co-operate in securing best prices and results.

STATE HIGHWAY ENGINEERS MAKE ANOTHER SURVEY

The Progress learns that State Highway engineers are now at work on a survey of the State road from Curwensville through Gramplan to the Reams bridge at the end of the present Mason & Haug contract through Drankle's Woods.

The section now being surveyed is eleven and one half miles in length and when it is finally improved will mean the connecting up of the improved or concrete road the entire distance between Clearfield and DuBois.

It is our understanding that the survey will be rushed to completion and plans and specifications prepared for same in order that bids may be advertised for the construction of the road early next spring.

The Human Race.
The human race is divided into two classes: those who go ahead and do something, and those who sit and inquire why it wasn't done the other way.—Oliver Wendell Holmes.

COUNCIL

Continued from Page Seven.

the concrete gutters, the paving proper, really cost \$13,761.45. The lowest bid received for this work was \$17,442 while the highest ran \$9,000 higher.

Sewer Committee Chairman McCloskey reported that the Engineer was preparing plans for the proposed sewer to connect the Clearfield Hospital with the borough Sewers and stated that a portion of the proposed sewer would have to be built through Lawrence township property.

Fire Apparatus Up Again.
The demand of the Fire Apparatus for \$30,000 worth of new equipment, including a motor driven pump, was again discussed at length. It appeared to be the opinion of Council that some pruning should be done on the requisition for apparatus, as the principal need seemed to be a hose or combination wagon for Elk Hose Co., whose present car is "shot to pieces" and a motor driven pump to be located where most available.

After considerable discussion the Public Property Committee was directed to meet with the Executive Committee of the Fire Department and come into Council at its next meeting with a recommendation as to just what was needed, when the manner of obtaining same would be decided upon.

Enlarged Vocabulary.
"Your wife does not interest herself in the small talk of society," "No," exclaimed Mr. Chuggins, "sometimes I wish she'd get back to the small talk instead of discussing political economy in words of five syllables."

Liberty.
Two lovers were sitting side by side in Battery park, New York, one evening. "I wonder," he whispered as he glanced out across the beautiful bay and saw the Statue of Liberty in the shadowy gloom, "why they have it light so small." "Perhaps," replied the girl as she blushed and tried to slip from his embrace, "the smaller the light the greater the liberty."

ARMISTICE DAY

PROCLAMATION

Next Friday, November 11th, is "Armistice Day," the day set apart by resolution of Congress as the appropriate time for the ceremonies incident to the burial of the unknown and unidentified American soldier in the Arlington Cemetery at Washington.

As President Harding in his proclamation said: This unknown soldier represents the manhood of America, who gave their lives to defend its integrity, honor and tranquility against any enemy.

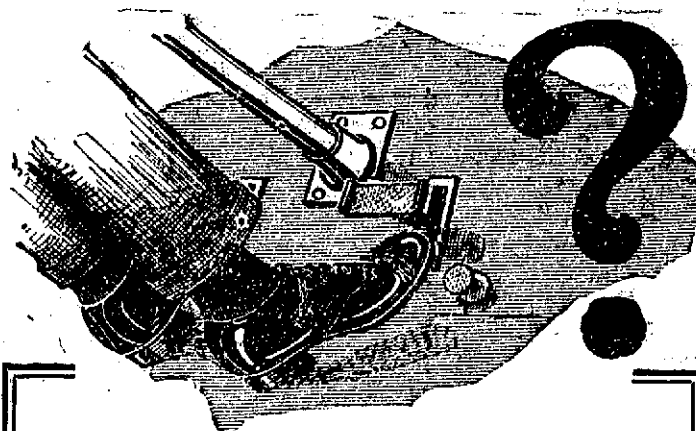

Therefore, in order that the solemnity of the occasion may be further emphasized, I hereby recommend that all public and church bells throughout the United States be tolled at intervals between 11:45 o'clock a. m. and 12 o'clock noon of the said day, and that from 12 o'clock noon to two minutes past that hour, Washington time, all devout and patriotic citizens of the United States indulge in a period of silent thanks to God for these valuable valorous lives and of supplication for His divine mercy and for His blessings upon our beloved country, and in order that due and

proper respect may be shown by all on this occasion, I further recommend that the business places of Clearfield, both large and small, close their doors from 11:30 to 12:30 o'clock of that day.

JOHN M. CHASE
Burgess
Clearfield, a., Nov. 7, 1920.

Don't Neglect Eyes.
The majority of people do not care for their eyes as they should. The eye is too delicate an organ to be subjected to haphazard treatment. A sudden change from a very bright light to darkness should be avoided and, if the eyes are at all weak, the prevailing color in the room in which such a one spends much time, should be in some tint that is soothing and restful to the eyes.—Detroit News.

Belgian National Song.
Brabanconne is the national song of the Belgians, originally sung by the insurgents during the revolution of September, 1830. A young French player of the name of Jeneval was the author of the song, which was set to music by a singer named Campanant. Jeneval fell in a combat with the Dutch at Berchem.—New International Encyclopedia.

**Are you stepping on the brake
or the accelerator?**

The food you eat does make a difference.

• Heavy, starchy foods often do slow down body and mind—often steal the energy that belongs to the day's work. Grape-Nuts is a go-ahead food. It contains the perfected nourishment of Nature's best grains. It includes all those elements needed to nourish body and brain. It is easy to digest. It gives energy without taking energy.

How about your breakfast or lunch—does it give, or take?

Grape-Nuts is sweet, crisp, delightful to the taste, and is an ideal source of power for a busy and difficult day.

"There's a Reason" for GRAPE-NUTS

There's just as much difference
in bread as there is between sugar and salt
Butternut's the bread like sugar.

Money Cannot Buy a Better Medicine Than Our famous Cod Liver and Iron Vinol

For a hundred years the medicinal elements contained in the cod's liver and oil have been regarded as the safest and best strength and body building medicinal agents known.

Many people however—especially children—cannot take cod liver oil because of the nauseating oil.

In Vinol they get all the medicinal value of cod liver oil and emulsions in a delicious tasting form and entirely free from oil—agreeable to the most delicate stomach—therefore it is better.

Vinol is better than anything you can take to create strength or end a cold because it contains not only the curative body building elements of cod liver oil (without oil), but glycerophosphates and vegetable iron—the three greatest tonics known—besides other valuable ingredients, all named on the label.

Read the wonderful testimonials we are publishing in this paper almost every day, then get a bottle of Vinol on our guarantee.

We agree to help you with Vinol or return your money.

CARE makes medicines RIGHT

The careful workman in any line is the man who turns out the best job. Care in prescription compounding, or the putting together of medicines, is more important than care in any mechanical operation. We use care in putting up prescriptions that make medicines right and if you appreciate this care we know you won't mind paying our price for it, which, by the way, is no more than a fair price for high grade drugs and service anywhere.

Gossip For Tonight's Tea Table

Henry E. Wallace, of Johnstown, son of Mr. and Mrs. H. F. Wallace of Locust street is developing into quite a cartoonist. The Johnstown Democrat of Saturday last contained one of Henry's political cartoons that possessed a great deal of merit.

Mrs. Annie Erickson and Mrs. Roy Erickson and children left Saturday to spend the week in DuBois.

Alva Brothers, of Commodore, spent the week end with relatives in town.

Miss Runa Reed of Olanta, entertained Mr. and Mrs. M. J. Philhart and Mrs. and Mrs. N. R. Hummel and family of Clearfield at a chicken dinner on Sunday.

Ted Wright and Dan Stewart, of Johnstown, are hunting this week at Peto Browns.

Lou Barry of Olean, N. Y., spent Sunday in town with friends.

Mrs. John Siedenrock entertained at dinner at her home near Mt. Joy on Sunday.

Phil Reed returned yesterday from a trip to Philadelphia and Princeton. Miss Ona Froyd has returned from a six weeks visit to friends in St. Louis, Chicago and Pittsburgh.

Miss Nancy Rhinesmith shopped today in Altoona.

Misses Pearl Wolfe, Alice Murray and Elizabeth Wall of Curwensville spent Sunday with friends in town.

Mrs. George Morrison, of Phillips

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clears the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.

WHEN YOU DRINK DRINK MORE MILK

It's the most complete food that you could put into your system, as it contains more of the ingredients that go to make muscle and bone than any other food you take.

Milk was Dame Nature's first food and you never saw Dame Nature make a mistake in your life. She's laid down pretty good food values and if you'll follow this one—milk—you'll be better off physically.

Milk is a food—drink more of it.

Clearfield Milk Depot

I CAN FIX IT

If it's something 'round the house that has been broken and you wonder how you're going to get a new one. Stop before you buy a new one, for I have a knack of fixing things up that'll surprise you.

Before you buy a new one—ask me whether it can be fixed.

Miss Eliza B. Dill of Red Cross headquarters is spending a few days in Karthaus.

Mr. and Mrs. W. T. Hinkle and daughter Emma spent Sunday with friends in DuBois.

Miss Marion Roscherry is spending the week in Cherry Tree.

Mr. and Mrs. F. B. May and Mrs. J. P. Gregory of DuBois, spent Sunday with friends in town.

Mrs. George Aughenbaugh, who has been in the Clearfield Hospital for some time has recovered sufficiently to return to her home in Cherry Tree, today.

Little Frederick Stauffer who has been quarantined for the mumps is quite recovered again.

Mrs. W. I. Betts entertained very delightfully at a luncheon and bridge today at her home on Front street in honor of Mrs. A. W. Leonardson's house guests Mrs. Miller and Mrs. Spafford.

ABLE TO DO HER WORK

After Long Suffering Mrs. Siefert Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not fit to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use these facts as a testimonial."—Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge.

If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health by Lydia E. Pinkham's Vegetable Compound.
